Re: Locker Purchase

Dear Adam Singer:

I would like to take this opportunity to express our appreciation for your efforts in finalizing our recent purchase. We found the Locker Solutions website to be user friendly. You and your staff were wonderful to work with as you were prompt with all of the follow up responses to our questions. Adam, your expertise, and ability to coordinate scheduling of delivery and install with our deadlines assisted us greatly with the decision making process. Our experience with your company in following through with this process surpassed our expectations and we look forward to our future purchases. Thank you again for your excellent customer service.

With Sincere Thanks,
